A. MOTION FOR A RESOLUTION .....	5
B. EXPLANATORY STATEMENT .....	10

The Committee on Budgets hereby submits to the European Parliament the following motion for a resolution together with explanatory statement:

MOTION FOR A RESOLUTION

on draft amending and supplementary estimates No. 1 of the revenue and expenditure of the European Parliament for the financial year 1977

The European Parliament,

- having regard to Rule 50 of its Rules of Procedure;
  - having regard to draft amending and supplementary estimates No. 1 for 1977 drawn up by the appropriate committee and the report thereon;
- (a) whereas it is desirable:
- firstly, to enter henceforth, as do the other institutions, appropriations relating to any increases in the salaries of officials under Title I of the budget, 'Expenditure relating to persons working with the Institution', rather than under chapter 100, 'Provisional appropriations';
  - secondly, to adjust the appropriations in accordance with the Council's decisions of 21 December 1976 concerning the increases in the salaries of officials and the inclusion of the weighting in the salary scales;
- (b) whereas also the decision taken by the Council in December 1976 to include the weighting in the salary scales entails an increase not only in expenditure but also in revenue resulting from the increase in the Community tax and whereas these estimates therefore constitute an amending rather than a supplementary budget;
1. Amends its estimates of revenue and expenditure for 1977 and fixes total expenditure at 68,166,260.50 u.a. as itemized below:
  2. Instructs its President, pursuant to the provisions of Article 203 of the Treaty, which also applies, according to Article 12 of the Financial Regulation of the Communities, to supplementary and rectifying budgets, to forward this resolution, the attached draft amending and supplementary estimates No. 1 of Parliament and the report of its committee to the Commission of the European Communities and, for information, to the Council of the European Communities.

EXPLANATORY STATEMENT

1. Draft amending and supplementary estimates No. 1 have become necessary for the reasons given by President COLOMBO in his letter of 1 April 1977 to the Committee on Budgets. The aim is to take account of the implications of the Council's decision of 21 December 1976 on the increase in officials' remuneration in the estimates adopted in December within the framework of the general budget of the Communities. Account is also to be taken of the decision taken by the Council on the same date to include the weighting in the salary scales.
2. The financial implications of these measures amount to an increase in the budget estimates for 1977 on both the expenditure and the revenue side. A substantial amount of additional expenditure is not, however, involved since the decision to include the weighting in the salary scales also implies an increase in revenue from the Community tax on salaries: the increase in expenditure is thus offset by the increase in revenue.
3. A further aim of these amending and supplementary estimates is to amend the budgetary nomenclature and thus ensure that the annual appropriations set aside for increases in officials' salaries are henceforth entered under Title 1, which covers expenditure relating to persons working with the Institution.
4. The Committee on Budgets intends to adopt a final opinion on this matter when considering the 1978 budget in order that the decisions adopted in respect of its estimates may be in complete harmony in this respect with those taken by the other institutions.
5. For the above reasons and with the assent of the Bureau, the Committee on Budgets hereby submits to Parliament draft amending and supplementary estimates No. 1 for 1977, which it has drawn up after consulting the Bureau of Parliament, pursuant to the provisions of Rule 50 of the Rules of Procedure.
