Rapporteur: Miss C. FLESCH

On 29 September 1976, the Committee on Budgets ratified the appointment of Miss FLESCHE, rapporteur on the estimates of revenue and expenditure of the European Parliament for 1977, as rapporteur on the corrections that might have to be made to these estimates when the draft general budget - of which the estimates constitute Section I - was considered.

The Committee on Budgets unanimously approved the motion for a resolution during its meeting of 25 October, and Miss FLESCHE was consequently authorized to prepare a report and submit it to Parliament.

Present: Mr LANGE, chairman, Mr AIGNER, first vice-chairman, Mr DURAND, second vice-chairman, Miss FLESCHE, rapporteur, Lord BESSBOROUGH, Mr DELMOTTE (deputizing for Mr FAURE), Mr LAUTENSCHLAGER, Mr RADOUX, Mr SHAW and Mr VITALE

The Committee on Budgets hereby submits to the European Parliament the following motion for a resolution together with explanatory statement:

MOTION FOR A RESOLUTION

on the corrections to the European Parliament's estimates of revenue and expenditure for the 1977 financial year (Section I of the draft general budget of the European Communities)

The European Parliament,

- having regard to Rules 23A, 49 and 50 of its Rules of Procedure,
 - having regard to the report of the Committee on Budgets and the draft amendments annexed thereto (Doc. 371/76),
1. Points out that the modifications it has made to its estimates consist mainly of corrections resulting from decisions taken after these estimates had been adopted and from new developments subsequent upon this adoption;
 2. Has amended the budgetary nomenclature to bring it into line with the proposals of the Commission on the European Communities as endorsed by the Council in establishing the draft general budget of the Communities in accordance with the nomenclature annexed to the report of the committee responsible;
 3. Sincerely hopes that the Treaty of 22 July 1975 on, inter alia, the setting up of a Court of Auditors of the Communities can be ratified as soon as possible so that the Community institutions can make provision for the necessary appropriations for setting it up before the budget is finally adopted;
 4. Has corrected its estimates of revenue and expenditure and the list of posts annexed thereto in accordance with the draft amendments shown hereafter;
 5. Has accordingly adopted its estimates of revenue and expenditure for 1977 at 61,509,497 units of account and corrected its list of posts as follows:

A. Creation of posts

(a) Posts provided for in the Staff Regulations

2 A 5/4 (A 4)

1 A 7/6 (A 7)

1 B 3/2 (B 3)

1 C 1

2 C 3/2 (C 3)

(b) Temporary posts

2 B 3/2 (B 3)

1 C 1

1 C 3/2 (C 3)

B. Conversion of posts

(a) Temporary post

Convert 1 A 7 post to A 6 (correction)

EXPLANATORY STATEMENTI. Introduction

1. The resolution on the estimates of revenue and expenditure of the European Parliament for 1977, adopted in June 1976, indicated that certain corrections would have to be made to the draft budget of Parliament when the draft general budget of the Communities was being considered. This report deals with these corrections, which concern both items already considered by the Committee on Budgets in June and new matters which have arisen after the drawing up of Parliament's estimates.

I - Changes in the list of posts(a) Correction of an error in the list of posts for the political groups

2. A mistake was made in that part of the list of posts relating to the political groups and the conversion of posts. The groups had asked, among other things, for one A7 post to be upgraded to A6 for the Communist Group.

This error should be corrected.

(b) List of posts for the secretariat of the Committee on Budgets

3. As was pointed out during the adoption of several reports, in particular those relating to the control of the Community's revenue and expenditure, on Parliament's estimates of 1977 and on the discharge for the financial years 1972 and 1973, the increasing workload of the secretariat of the Committee on Budgets, and the setting up of the sub-committees and working parties, both qualitatively and quantitatively require changes to be made to the list of posts.

The question of converting the present division into a directorate was raised. However for reasons of principle and budgetary restrictions, a decision on the matter has been deferred to a later date.

After a lengthy discussion, the Committee on Budgets felt that, in view of the importance of the control of the Communities' revenue and expenditure, which, in this instance is effected by the Committee on Budgets and the Control Subcommittee, it should increase the staff of its secretariat by the following posts:

- 2 A 5/4 (A 4)
- 1 A 7/6 (A 7)
- 1 B 3/2 (B 3)
- 1 C 1
- 2 C 3/2 (C 3)

In this way, there could be permanent control of each fund.

These amendments to the lists of posts are intended as, and represent, a temporary measure pending on the one hand examination in the light of experience of the development of activities, particularly those of the sub-committee responsible for control of the implementation of the budget of the Communities, and on the other hand the overall decisions on the possible rationalization of Parliament's Secretariat.

(c) Conversion of two posts in the Financial Control division

4. The requests to convert one A 7/6 post to A 5 and one B 5/4 post to B 3/2 in this division were brought up in the committee. The Committee on Budgets felt unable to comply with these requests.

(d) Establishment of local staff

5. The rapporteur has presented the proposals made jointly by the Secretary-General and the Staff Committee to convert 42 local staff posts to established posts as follows:

- as regards 24 posts, in application of the criteria already applied last year (that the duties involved are permanent, supervisory or other duties not covered by a description in the Staff Regulations);
- as regards 18 posts, in view of the advisability of converting local staff posts created at least 4 years ago.

The additional expenditure caused by the conversion of 42 local staff posts to established posts will amount to only 40,000 u.a. The appropriations required amount to 440,000 u.a. of which 400,000 u.a. are the result of a transfer from item 1112 'local staff' to other items of chapter 10.

Such a decision will eventually lead to a permanent solution to the problems caused by the conversion of local staff posts involving permanent duties. Moreover, the proposed solution is in line with the discussions of the Committee on Budgets last June, which insisted on the gradual application of a

general programme for establishing local staff¹. The Committee on Budgets has postponed its decision until its meeting of 26 October 1976 following a request by several members to refer the matter back to the political groups.

II - Correction of appropriations

(a) Expenditure relating to members of the Institution

Article 100: 'travel and subsistence allowances' for members of the Institution

6. The Committee on Budgets felt it necessary to amend Parliament's estimates to take account of the financial consequences of the various decisions taken by the Bureau of Parliament in 1976 on Members' allowances. A total amount of 1,257,000 u.a. is proposed in three amendments.

(b) Expenditure on staff

Sickness insurance

7. It is proposed that 10,000 u.a. be added to article 113, in view of the new provisions adopted by the Institution on staff sickness and accident insurance.

(c) Rent

8. An additional appropriation of 282,440 u.a. should be entered, in view of the increase in the rent and charges for the new building in Strasbourg (122,440 u.a. increase in appropriations for rent, 120,000 u.a. for charges) and for the rent (40,000 u.a.) of the ground floor of the building at 4 rue Saint-Jean in Brussels, in accordance with the Bureau's decision of 1 September 1976.

¹The Committee on Budgets expressed the following view on this subject in the report by Miss Flesch, Doc. 130/76, p. 19, par. 12: 'After considering the different views on this subject, the Committee on Budgets and the Bureau of Parliament felt that it was more appropriate, as matters stand at present and despite the disadvantages created for the staff members concerned by the concurrent existence of established personnel and local staff covered by ad hoc arrangements, to adhere to the principle of establishment laid down last year and consequently to defer a general measure to establish all local staff and to take into consideration only those cases in which it is clearly apparent - as in the case of the local posts converted into established posts last year - that the duties involved are permanent, supervisory or other duties not covered by a description in the staff regulations.

The Secretary-General is thus instructed to draw up proposals to this effect, after consulting the Staff Committee.'

8a. The rent of 13 offices at 5 Boulevard de l'Empereur led to the adoption of a draft amendment to cover the financial costs.

(d) Appropriations for the Audit Board and the ECSC Auditor

9. Reductions have been proposed to articles 374 and 375 of 5,047 u.a. and 15,390 u.a. respectively. These reductions are due to the appropriations entered by the Council in the draft budget (the Council and Parliament each include in their estimates half of the appropriations for the Community's external control bodies).

(e) Staff salary increases

10. It is proposed to enter in chapter 100 ('provisional appropriations') an appropriation of 3,955,500 u.a., to cover increases in staff salaries which may be made in 1977 following the Council's deliberations. This entry has been decided both to avoid introducing a supplementary budget for clearly foreseeable expenditure, and to comply with the Council's request for all Institutions to adopt the same method for calculating and entering any increases in staff salaries.

(f) Budgetary nomenclature

11. Following a proposal by the Commission of the European Communities of 16 June, certain changes in the nomenclature of Parliament's estimates will be necessary to standardize the presentation of the sections of the budget of the Communities relating to the various Institutions.

(g) Rationalization of the secretariat

12. The Secretary-General has been asked to draw up a study on the possible rationalization of the secretariat. The Committee on Budgets now has extensive documentation on this subject. It will begin a study of this documentation immediately.

(h) Expenditure on information

13. The Bureau of Parliament has submitted the conclusions of the Working Party on Information (PE 46.087) to the Committee on Budgets. The proposals are to:

- rebuild the press gallery in Luxembourg,
- extend the reception centre in Luxembourg,
- install a radio and television studio,

The staff and equipment involved will have financial implications of the order of one million units of account. The Committee on Budgets will discuss the matter at its meeting of 26 October 1976.

14. To sum up, the additions and modifications proposed at the meeting of 25 October 1977 are as follows:

(a) as regards the list of posts

- upgrading of one temporary post from A7 to A6 (political groups) (correction of a clerical error)
- creation of 7 posts (2 A 5/4 (A 4), 1 A 7/6 (A 7), 1 B 3/2 (B 3) 1 C 1, 2 C 3/2 (C 3)),

(b) as regards the appropriations

- expenditure is increased by 6,234,503 u.a.

o

o o

15. As a result of the above adjustments, Parliament's estimates, drawn up last June, are increased from 55,274,994 u.a. to 61,509,497. The increase in June was 6% over the estimates for 1976; following the decisions of 25 October, the increase is 18%.

Modify the list of temporary posts for the political groups as follows:

JUSTIFICATION

When the estimates of the European Parliament were adopted, a mistake was made in that part of the list of posts relating to the political groups and the conversion of posts.

The groups had asked, among other things, for one A 7 post to be upgraded to A 6 for the Communist and Allies Group. This change does not appear in the report drawn up by Miss FLESCHE in June 1976 on the estimates of the European Parliament for 1977 (Doc. 130/76).

As a result of the correction of this error, the upgradings within career bracket A 7-6 (from A 7 to A 6) approved on 18 June 1976 have been increased from 13 to 14.

Doc 291 / 149

DRAFT
GENERAL BUDGET OF THE EUROPEAN COMMUNITIES
FOR THE FINANCIAL YEAR 1977

DRAFT AMENDMENT No. 149..

tabled by Miss FLESCHE, on behalf of the Committee on Budgets

SECTION I - PARLIAMENT

(A) Expenditure

- Title 10 - other expenditure
Chapter 100 - provisional appropriations

Enter an appropriation of 3,955,500 u.a.

(B) Revenue

Increase revenue accordingly, taking account, of course, of the proceeds from taxation and staff contributions to the pension scheme.

JUSTIFICATION

The appropriations intended to cover remunerations do not take account of the adjustments which may be made during the financial year 1977 following the Council's deliberations.

In its explanatory memorandum on the draft budget for 1977, the Council expressed the wish that the appropriations to cover any adjustments to remunerations in 1977 should be calculated on a uniform basis for all the institutions (see page 32 of Volume VII of the draft budget).

The Committee on Budgets takes the view that, since the Council's decisions on remunerations may not be taken until the budgetary procedure is over and since supplementary budgets for foreseeable expenditure should be avoided, Parliament should adopt the same policy as the other institutions, which have already entered provisional appropriations to cover possible increases in remuneration.

Within Chapter 11, the appropriations could be allocated as follows:

| | | | | |
|-----------|---|---|-----------|----------------|
| Item 1100 | 'Basic salaries' | + | 380,000 | |
| Item 1101 | 'Family allowances' | + | 40,000 | |
| Item 1102 | 'Expatriation allowances (including those granted under Article 97 of the ECSC staff regulations' | + | 60,000 | |
| Item 1103 | 'Temporary fixed allowances' | + | 7,000 | |
| Item 1130 | 'Sickness insurance' | + | 35,000 | |
| Item 1131 | 'Accident Insurance and occupational diseases' | + | 10,000 | |
| Art. 116 | 'Weightings' | + | 3,200,000 | |
| TOTAL: | | | + | 3,732,000 u.a. |

The remaining amount of 223,500 u.a. has not as yet been allocated to any specific purpose.

Finally, it should be borne in mind that the appropriations entered under this chapter are purely provisional and may only be used after being transferred to other chapters in accordance with the procedures in force and those envisaged by the Committee on Budgets.

Revenue covered by:

- Chapter 40 'Proceeds of taxation on salaries etc.': 440,000 u.a.
- Chapter 41 'Staff contributions to the pension scheme': 65,000 u.a.
