ORAL QUESTION with debate

Pursuant to Rule 47 of the Rules of Procedure
by Mr JAKOBSEN, Mr BREWIS, Mr John HILL,
Lord ST. OSWALD and Mr SCOTT-HOPKINS
to the Commission of the European Communities

Subject: Price increases in agriculture

The Commission is asked if they are satisfied that the Farm Price increases announced on Saturday 23rd March 1974 are sufficient on the one hand to increase the levels of efficient production within the EEC and on the other hand to restrain the increase in Consumer Prices without distorting the market by use of FEOGA Guidance Sector Funds and National Subsidies.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements. This includes not only sales and purchases but also expenses, income, and any other financial activity.

Next, the document outlines the various methods used to collect and analyze data. It mentions the use of spreadsheets, databases, and specialized software to organize and process large amounts of information. The goal is to identify trends, patterns, and anomalies that can provide valuable insights into the organization's performance.

The third section focuses on the role of management in overseeing the financial process. It stresses that managers must have a clear understanding of the company's financial health and be able to make informed decisions based on the data. Regular reviews and reports are essential for staying on top of the numbers and addressing any issues promptly.

Finally, the document concludes by highlighting the importance of transparency and accountability. All financial activities should be clearly documented and accessible to relevant stakeholders. This helps build trust and ensures that everyone is working towards the same goals.

procedure, pursuant to Rule 14 of the Rules
of Procedure -

on the strengthening of relations between the
European Parliament and the Canadian Federal
Parliament.

The European Parliament,

- having noted the wish expressed in their joint Communiqué of 1 November 1973 by the Delegations of the European Parliament and the Canadian Federal Parliament to organize periodic meetings and regular contacts between the two Parliaments,
 - convinced that these parliamentary contacts help to strengthen the political and economic links between Canada and the European Community,
 - having regard to the approval in principle of these relations by the enlarged Bureau at its meeting of 2 April 1974,
1. Advocates annual meetings between Delegations of the European Parliament and the two Chambers of the Canadian Federal Parliament to discuss matters of mutual interest;
 2. Considers that these meetings should be held alternately in a country of the Community and in Canada;
 3. Notes that a delegation of the European Parliament will accordingly visit Canada every two years and wishes, for practical reasons, the dates of these visits to be coordinated with those of the visits to Washington, while at the same time emphasizing the specific character of Canadian questions and of the discussions to which they give rise - a fact which would make the delegation prefer to begin its work alternately in the United States and in Canada;
 4. Instructs its President to propose to the Presidents of the two Chambers of the Canadian Federal Parliament that such regular contacts be arranged;
 5. Invites as from this moment a Canadian delegation to pay it a working visit during its October or November 1974 part-session.
