ORAL QUESTION (O-19/75)

with debate, pursuant to Rule 47 of the Rules of Procedure  
by Mr HOUGARDY, on behalf of the Liberal and Allies Group  
to the Commission of the European Communities

Subject: Information programme on nuclear power stations

In view of the limited nature of conventional energy reserves,  
nuclear power stations now represent a feasible alternative  
source of energy.

Can the Commission state whether it has drawn up an infor-  
mation programme at European level to enable all citizens to  
reach an objective opinion in full knowledge of the facts?

Can the Commission also state which parts of the EAEC Treaty  
can still serve as a legal basis for the expected develop-  
ment of nuclear energy, in order to dispel the impression of  
public opinion that that Treaty is now obsolescent?
