on the 'DESAPARECIDOS' (DISAPPEARED PERSONS) IN ARGENTINA

The European Parliament,

- A. deeply shocked by the revelations made by the international press on the discovery, in Argentina, in at least nine cemeteries, of hundreds of unidentified corpses;
- B. whereas more than twenty thousand persons have gone missing in Argentina, since the military coup in 1976, as a result of the horrific repression metered out by the military in power;
- C. noting that amongst those missing are citizens of different nationalities and that, as far as Europe is concerned, 321 Italian citizens, 48 citizens of the Federal Republic of Germany, 41 Spanish citizens, 15 French citizens and 1 Swedish citizen have been reported missing;
- D. whereas events of this kind are still being reported by the 'madri della Plaza de Majo';
- E. whereas there have also been reports that 84 babies aged between 2 months and 6 years old have disappeared, in addition to the disappearance of all those born in prisons;
- F. whereas the Argentinian Government is opposed to any inquiry that might throw light on those events;
- G. whereas the action of the diplomatic services of certain Member States of the Community have so far not had satisfactory results and whereas in addition certain inadmissible deficiencies are in stark contrast to the manifestations of principle supported at governmental level;
