# Einleitung

Die vorliegende Arbeitsbibliographie eröffnet einen Einstieg ins arabische Schrifttum zur europäischen Integration, wie er in dieser Breite bisher nicht annähernd zur Verfügung stand. Die ersten Versuche, arabische Stimmen zur europäischen Integration bibliographisch zu erfassen, gingen auf Initiativen im Rahmen des Euro-Arabischen Dialogs zurück. 1979 bzw. 1982 erschienen im bibliographischen Anhang zweier Konferenzberichte Listen von Fachliteratur zum Euro-Arabischen Dialog, die auch einige arabischsprachige Titel mit aufnahmen. Allerdings galten sie nicht dem Gesamtbereich der europäischen Integration, sondern beschränkten sich auf den Euro-Arabischen Dialog.

1979 gab Jacques Bourrinet bei Economica in Paris den Sammelband *Le Dialogue euro-arabe* heraus. Diesem waren so genannte *Orientations bibliographiques* angehängt, die, geordnet nach Werken und nach Artikeln, den Euro-Arabischen Dialog bibliographierten und dabei den Beiträgen der ägyptischen außenpolitischen Fachzeitschrift *as-Siyāsa ad-Daulīya* einen eigenen dreiseitigen Abschnitt widmeten. In den *Orientations bibliographiques* wurden zum ersten und bisher einzigen Mal nicht nur eine Anzahl arabischer Titel in französischer Übersetzung aufgelistet, sondern auch mit knappen Bemerkungen zum Inhalt versehen.

Zum zweiten Mal wurden arabischsprachige Veröffentlichungen zum Euro-Arabischen Dialog in der Bibliographie der Kongressakten *Coopération euro-arabe: diagnostic et prospective* erfasst, die unter der Leitung Bichara Khaders, des Direktors des Centre d'Etudes et de Recherche sur le Monde Arabe Contemporain (C.E.R.M.A.C.) an der Katholischen Universität von Louvain-la-Neuve, publiziert wurden. Die Bibliographie bot sowohl in arabischer Schrift eine Liste arabischer Veröffentlichungen als auch, in die Gesamtbibliographie eingefügt, arabische Titel in französischer Übersetzung – zumeist aus eben derselben ägyptischen Fachzeitschrift *as-Siyāsa ad-Daulīya* –, allerdings ohne kommentierende Bemerkungen.

Danach wurde viele Jahre lang das arabische Schrifttum zur europäischen Integration nur noch vereinzelt zur Kenntnis genommen. Hin und wieder trugen arabische Experten ihre Sicht der europäischen Integration in international zusammengesetzten Gremien vor und publizierten den einen oder anderen englisch- oder französischsprachigen Aufsatz in Sammelbänden mit internationaler Beteiligung. Dabei stand im Allgemeinen die Beurteilung des bilateralen Verhältnisses EG/EU - arabische Länder im Vordergrund. Meist bot der Euro-Arabische Dialog den institutionellen Rahmen, ab Mitte der 1990er Jahre dann die Euro-Mediterrane Partnerschaft. Die arabische Fachliteratur zur europäischen Integration – und

ganz besonders gilt dies für die arabischsprachige Fachliteratur – wurde kaum noch wahrgenommen. Hie und da gelangte der eine oder andere Titel in die Bibliographie wissenschaftlicher Arbeiten zu den europäisch-arabischen Beziehungen. Genannt werden muss die Münsteraner Dissertation von Othman Othman, *Die Nahostpolitik der Europäischen Gemeinschaft im Hinblick auf die Palästinafrage aus arabischer Sicht* (Münster 1991), die von Udo Steinbach, dem langjährigen Direktor des Deutschen Orient-Instituts in Hamburg, betreut worden war. Othman begnügt sich nicht nur mit den ein, zwei arabischen Beiträgen, die in den meisten anderen Arbeiten als Quellengrundlage für die arabische Sichtweise genügen müssen, sondern macht sich die Mühe und sucht eine ganze Anzahl arabischer bzw. arabischsprachiger Titel zu den Beziehungen zwischen Europäischer Gemeinschaft und den arabischen Staaten im Allgemeinen und zum Euro-Arabischen Dialog im Besonderen zusammen, wobei der Fokus allerdings ganz auf der Palästinafrage liegt.

Es dauerte dann wieder einige Jahre, bis das Interesse an arabischen Veröffentlichungen zur europäischen Integration wiedererwachte. Erst die beiden deutschen Wissenschaftler Steffen Wippel und Anja Zorob (geb. Englert) legten ihren Studien zu Teilaspekten der europäisch-arabischen Beziehungen wieder eine größere Zahl arabischer Veröffentlichungen zugrunde. Steffen Wippel trat seit Mitte der 1990er Jahre mit mehreren Artikeln und Papers zur Wahrnehmung der europäischen Integration und ihrer Auswirkungen in Marokko hervor. Er berücksichtigte ausführlich französischsprachige Veröffentlichungen marokkanischer Autoren, schloss aber auch einige arabischsprachige Schriften mit ein, was insgesamt die sprachlichen Verhältnisse der marokkanischen Diglossie widerspiegelte.

Anja Zorob legte 2005 ihre Dissertation *Syrien im Spannungsfeld zwischen der Euro-Mediterranen Partnerschaft und der Großen Arabischen Freihandelszone* an der Universität Erlangen-Nürnberg vor, zu der sie in ähnlichem Umfang wie Othman arabisches Schrifttum zur Euro-Mediterranen Partnerschaft heranzog. Freilich beschränkte auch der Horizont ihres Forschungsthemas die arabische Literatur zur europäischen Integration auf einen engen Bereich der europäischen Außenbeziehungen, nämlich die wirtschaftliche Position Syriens im Rahmen der Euro-Mediterranen Partnerschaft.

## **Hinweise für Benutzer**

Aus Gründen der Praktikabilität wurden nur die Bestände der Universitätsbibliothek Tübingen erschlossen. Bis zum Jahre 1997 hatte sie das Sondersammelgebiet Vorderer Orient/Nordafrika der Deutschen Forschungsgemeinschaft beherbergt, bevor dieses an die

Universitäts- und Landesbibliothek Halle verlegt wurde. Für den zeitlichen Rahmen bedeutet dies, dass die arabische Literatur zur europäischen Integration von ihrem Beginn in den späten 1940er Jahren bis 1997 ausgiebig erfasst ist, während ab 1998 nur noch wenige Titel arabischer Autoren in westlichen Sprachen aufgenommen werden konnten. Für die letzten zehn Jahre steht eine Auswertung der Bestände in Halle noch aus.

Die Kriterien für die Aufnahme in die Bibliographie waren bewusst weit gefasst. Dies betrifft einerseits den Integrationsbegriff. Zwar stand die Herausbildung der Europäischen Gemeinschaften und dann der Europäischen Union, also die europäische Integration im engeren Sinne, im Mittelpunkt. Daneben wurden jedoch auch arabische Beiträge zu anderen europäischen Institutionen erfasst, die im weiteren Sinne zur Geschichte der Integration Europas gehören, wie Europarat, EFTA, OEEC bzw. OECD, OSZE, WEU oder Aktivitäten der NATO mit europäischem Schwerpunkt. Andererseits bedeutet die Weite der Kriterien, dass nicht nur einschlägige Literatur zur europäischen Integration in Form von Artikeln in Zeitschriften, Sammelbänden und Konferenzbeiträgen sowie Monographien berücksichtigt worden sind, sondern auch Äußerungen zur europäischen Integration und ihren Institutionen in Publikationen mit anderem Schwerpunkt oder vereinzelt auch gänzlich anderem Thema, die sich jedoch *expressis verbis*, wenn vielleicht auch nur durch ein paar kurze Bemerkungen oder in ein paar Sätzen, zur europäischen Integration äußern.

Um diese Fundstellen dem Benutzer schnell zugänglich zu machen, werden jeweils am Ende der bibliographischen Angaben in eckigen Klammern die entsprechenden Seiten genannt, z.B. „[s. S. 47-50, 70 u. 81]“, allerdings nur für den Fall, dass es sich nicht um eine durch den einschlägigen europawissenschaftlichen Titel erkennliche Veröffentlichung handelt.

Insgesamt stammen die arabischen Veröffentlichungen vornehmlich aus dem Bereich der Politikwissenschaft, insbesondere den Internationalen Beziehungen, des Völkerrechts, der Neueren Geschichte, der Ökonomie, der Geographie, umfassen aber auch politische Publizistik, Memoirenbände von Diplomaten, religiös-weltanschauliche Schriften etc. Besonders häufig vertreten sind Titel aus außenpolitischen und rechtswissenschaftlichen Zeitschriften sowie zu Fragen internationaler Regionalorganisationen und der Wirtschaftsintegration.

Als institutioneller Rahmen boten der Euro-Arabische Dialog mit seinen vielfältigen Treffen und Veranstaltungen in den siebziger und achtziger Jahren des vergangenen Jahrhunderts sowie die Euro-Mediterrane Partnerschaft ab 1995 einen fruchtbaren Boden für Äußerungen arabischer Politiker, Diplomaten und Experten zur europäischen Integration. Daneben stammt eine Vielzahl der Fachbeiträge von Mitarbeitern an rechts- und politikwissenschaftlichen Instituten und Fakultäten arabischer Universitäten sowie arabischer

Wissenschaftsemigranten an westlichen Universitäten. Die Tagespresse wurde bewusst nicht berücksichtigt, weil sie den möglichen Arbeitsaufwand überstiegen hätte, hätte sie tatsächlich umfassend berücksichtigt werden sollen. Außerdem liegt der Schwerpunkt der Tübinger Bibliotheksbestände an arabischen Periodika nicht bei der Tagespresse, sondern bei allgemeinen Wochenzeitschriften und wissenschaftlichen Monats- und Vierteljahresschriften.

Der Begriff des „arabischen“ Schrifttums zur europäischen Integration wurde hinsichtlich Autorschaft und Sprache ebenfalls weit gewählt, um die verschiedenen Ströme, die zur innerarabischen Meinungsbildung beitrugen, zu erfassen. Prioritär wurden erfasst:

- arabischsprachige Publikationen arabischer Autoren,
- sodann Publikationen arabischer Autoren in westlichen Sprachen, meist Englisch oder Französisch, hie und da auch in Deutsch oder anderen europäischen Sprachen,
- weiterhin westliche Fachliteratur in arabischer Übersetzung
- sowie europawissenschaftliche Beiträge westlicher Autoren in westlichen Sprachen unter der Bedingung, dass sie in arabischen Periodika oder Sammelbänden veröffentlicht wurden. (Bei Letzteren handelt es sich meist um westliche Gastwissenschaftler an arabischen Universitäten sowie um Konferenzteilnehmer des Euro-Arabischen Dialogs bzw. der Euro-Mediterranen Partnerschaft.)

Die Bibliographie erhebt nicht den Anspruch, die Tübinger Bestände komplett zu erfassen noch sie systematisch zu ordnen. Sie will nur eine Arbeitsbibliographie sein, die mit dem Schwerpunkt auf ägyptischer Fachliteratur auch sonstige einschlägige arabische Quellen und Fundstellen in sehr umfangreicher Weise berücksichtigt.

Die Bibliographie ist alphabetisch nach Autoren bzw. – im Falle von Sachtiteln – nach Titeln geordnet und kann in ihrer elektronischen Form als PDF-Datei durchsucht werden. Eine thematisch gegliederte Bibliographie, vielleicht gar eine Biobibliographie mit Angaben zu den Autoren, sei einer eventuellen späteren Auflage vorbehalten. Fürs Erste muss die Suche über die Autoren und ansonsten das Durchblättern auf der Suche nach dem geeigneten Thema genügen. Bei den einschlägigen europawissenschaftlichen Beiträgen reicht oft die Aussagekraft der Titel, um bestimmte Themen zu finden. Im Falle der reinen Fundstellen, also von mehr oder weniger kurzen Passagen zur europäischen Integration und ihren Institutionen, finden sich neben den Seitenzahlen in den eckigen Klammern häufig auch Stichworte zum europawissenschaftlichen Gehalt der Stelle. Die Stichworte sollen die Suche erleichtern. Sie erheben aber keinen Anspruch auf Vollständigkeit oder präzise Inhaltsangabe. Zusätzlich bietet die Bibliographie ein System von Namensverweisen auf die einheitliche Ansetzungsform der Autorennamen, also der arabischen Namensform für arabische Autoren

bzw. der westlichen Namensform für westliche Autoren, für den Fall, dass für ein und denselben Autor verschiedene Namensvarianten vorhanden sind, wie es sich bei der Wiedergabe arabischer Namen im lateinischen Alphabet in verschiedenen westlichen Sprachen bzw. von westlichen Namen im vokallosen arabischen Alphabet ganz automatisch ergibt.

Die **Benutzung** noch einmal **knapp** erläutert:

- Die einzelnen Einträge sind alphabetisch nach Autor bzw. Titel im Fall von Sachtiteln geordnet. Im Falle eines Autorennamens der mit „Ibn“ beginnt wird erst der zweite, unterstrichene Namensbestandteil alphabetisch eingeordnet; entsprechende Verweise sind immer vorhanden. Jeder Eintrag ist bis auf die Signatur im Blocksatz formatiert.
- Der Autorenname links oben ist jeweils fett gedruckt.
- Die erste Zeile des Eintrags ist durch einen kleinen Einzug der folgenden Zeilen hervorgehoben.
- Es folgen die üblichen bibliographischen Angaben: Titel; „in:“; Fundstelle; Erscheinungsort und –datum (häufig ist das christliche Datum um das islamische „=.... AH [= Anno Hegirae]“ ergänzt); Seitenangabe; manchmal Einheitssachtitel; Reihentitel (in eckigen Klammern); und zuletzt – ebenfalls in eckigen Klammern – die Seitenangaben zu einzelnen Fundstellen, wenn es sich nicht um als solches erkenntliche einschlägige europawissenschaftliche Beiträge handelt.
- Am Ende jeweils zusammengehöriger Titellisten folgt manchmal links unten ein „s. a.“ mit einem Namen. Dies verweist i.A. auf Schriften an denen dieser Autor neben anderen beteiligt war, die aber nur unter dem Namen des ersten genannten Autors eingeordnet sind.
- Die Signatur steht abgesetzt auf der letzten Zeile, rechtsbündig und fett gedruckt. Die Signatur kann direkt zur Bestellung im Online-Katalog der Universitätsbibliothek Tübingen genutzt werden. Allerdings sind bei Zeitschriftenbänden nicht immer die exakten Signaturen des einzelnen Zeitschriftenbandes angegeben, sondern hin und wieder nur die Signatur der gesamten Zeitschrift, sodass in diesem Fall der entsprechende Band erst noch aus der Liste des Online-Kataloges ausgewählt werden muss, bevor die Online-Bestellung aufgegeben werden kann.

## **Danksagung**

Der Zusammensteller dieser Arbeitsbibliographie würde sich glücklich schätzen, wenn er dem kleinen Kreis von Forschern, die sich für die arabische Sicht auf die europäische Integration interessieren, ein nützliches Hilfsmittel an die Hand geben konnte. Mein herzlicher Dank gebührt hierfür den Mitarbeitern der Universitätsbibliothek Tübingen, die zum einen durch jahrzehntelangen Fleiß und Sachkenntnis den arabischen Bibliotheksbestand aufgebaut haben und zum anderen durch ihre unermüdliche Arbeit und stets freundliche Hilfsbereitschaft erst die bibliographische Erschließung dieser Fülle an Material ermöglicht haben. Stellvertretend für die vielen, deren Arbeit in diese Bibliographie miteingeflossen ist, möchte ich diejenigen nennen, die im Ausleihdienst des Allgemeinen Lesesaals täglich meine zahlreichen Bücherwünsche erfüllten, Fragen zum Katalog beantworteten und die Veröffentlichung dieser Online-Publikation unterstützten:

Frau Beate Follmann, Frau Adelheid Iguchi, Herrn Franz Kessler, Frau Andrea Krug, Frau Monika Nasarek, Frau Vera Orth, Herrn Volker Plass, Frau Maria Schille, Frau Simone Seefeldt, Herrn Roland Roth-Steiner, Frau Bärbel Unrath und Herrn Dr. Walter Werkmeister. Ihnen allen, den genannten und ungenannten Helfern, ein herzliches Dankeschön!

Friedhelm Hoffmann

Tübingen, den 22. September 2007
