**THE *ACQUIS* OF THE EUROPEAN
UNION UNDER THE MANAGEMENT
OF DG ENTERPRISE**

**LIST OF MEASURES
(the “Pink Book”)**

31 December 2001

Preface

This structural list of the *acquis* sets out the references of existing Community legislation and other measures which are under the management of DG Enterprise. It includes both 'hard' law, by which is meant that which creates legal obligations; and 'soft' law, by which is meant those measures which, while not in themselves creating legal obligations, have a bearing on the application of hard law.

This list of the *acquis* also shows the relationship between different instruments. For example, when a measure has been modified, adapted to technical progress, or has had implementing measures added, the original measure and the modifying, adapting or implementing measures are included in a box along with it. In the many areas which are regulated by means of a basic measure and implementing measures, the relationships between the different groups of instruments are shown.

In this way, the often complicated and sometimes opaque relationships between different measures should be made clearer.

The list of the *acquis* has been organised under chapter headings, which broadly reflect industrial sectors and the internal organisation of DG Enterprise. As of 2001, this list also includes the measures relating to processed agricultural products which are managed by DG Enterprise. In the context of enlargement negotiations, the list, therefore, corresponds to four negotiating chapters of the EU *acquis*: Chapter 1 - Free movement of goods (DG Enterprise part), Chapter 7 – Agriculture (DG Enterprise part), Chapter 15 - Industrial policy and Chapter 16 - Small and medium-sized undertakings (SMEs).

This edition is a follow-up and a review of the fourth edition from 31 December 2000. It includes all new measures adopted between that date and 31 December 2001.

This document has been elaborated by Directorate General Enterprise, unit G/1.

Community legislation governing the trade regime for Non Annex 1 goods (commonly referred to as Processed Agricultural Products – PAPs) devolves primarily from Council Regulation (EC) No 3448/93 of 6 December 1993 laying down the trade arrangements applicable to certain goods resulting from the processing of agricultural products.

The Enterprise DG is responsible for all legislation deriving from Council Regulation (EC) No 3448/93 and governing trade in goods not covered by Annex I to the Treaty but listed in Annex B of Council Regulation (EC) No 3448/93
