Proposal for a

COUNCIL REGULATION (EC)

opening and providing for the administration of autonomous
Community tariff quotas for certain fishery products (second series 1996)

(presented by the Commission)

EXPLANATORY MEMORANDUM

During the annual global review by the Council of autonomous preferential arrangements for fishery products, the Commission services conducted a study of the markets and supply needs for user industries in 1996. Subsequently the Council adopted Regulation (EC) N° 789/96 opening and providing for the administration of autonomous Community tariff quotas for certain fishery products (1996)

Following the receipt of a request from a Member State, the Commission services considered whether it would be opportune to open an autonomous Community tariff quota for herrings, for the remainder of 1996.

The Community and Norway have concluded an agreement for 1996 with a view to dealing with the biological crisis for herring in the North Sea. This agreement provides for a 50% which heavily cuts back the reduction in catches of this fish, provides for normal supply source of herrings from this sea area for processing and consumption.

Taking account of this requirement of the Community's internal and external policies, the Commission proposes that an autonomous tariff quota should be opened, for the rest of the year, for 40 000 tonnes of whole herring fresh or chilled. Whilst respecting the roles and obligations of the common organisation of the markets this measure should ensure that the processing industries receive a supply in conditions which reflect the international market situation. current and forecastable.

This is the purpose of the attached proposal.

Proposal for

COUNCIL REGULATION (EC) No _____

opening and providing for the administration of autonomous
Community tariff quotas for certain fishery products (second series 1996)

THE COUNCIL OF THE EUROPEAN UNION

Having regard to the Treaty establishing the European Community, and in particular Article 28, thereof,

Having regard to the proposal from the Commission,

Whereas Community supplies of certain species of whole herrings whole currently depend on imports from third countries; whereas it is in the Community's interest to suspend in part or in whole the customs duties for the products in question, within Community tariff quotas of an appropriate volume; whereas, in order not to jeopardize the development prospects of this production in the Community and to ensure an adequate supply to satisfy user industries, it is advisable to open those quotas for the rest of 1996 ;

Whereas, by Regulation (EC) N° 789/96¹, the Council opened autonomous tariff quotas for certain fishery products for 1996;

Whereas it is necessary, in particular, to ensure for all Community importers equal and uninterrupted access to the said quotas and to ensure the uninterrupted application of the rates laid down for the quotas to all imports of the products concerned into all Member States until the quotas have been used up;

Whereas the decision for the opening of autonomous tariff quotas should be taken by the Community; whereas, to ensure the efficiency of a common administration of these quotas, there is no reasonable obstacle to authorising the Member States to draw from the quota-volumes the necessary quantities corresponding to actual imports; whereas, however, this method of administration requires close cooperation between the Member States and the Commission and the latter must in particular be able to monitor the rate at which the quotas are used up and inform the Member States accordingly;

HAS ADOPTED THIS REGULATION:

Article 1

1. From the date of entry into force of this regulation until 31 December 1996, the customs duties applicable on importation to products listed in the Annex shall be suspended at the levels and within the limits of the Community tariff quota indicated for each product.
2. Imports of the products in question shall not be covered by the quotas referred to in paragraph 1 unless the free-at-frontier price, which is determined by the Member States in accordance with Article 22 of Regulation (EEC) No 3759/92 of 17 December 1972 on the common organisation of the market in fishery and aquaculture products², as last amended by Council Regulation (EC) No 3318/94³, is at least equal to the reference price fixed; or to be fixed, by the Community for the products under consideration of the categories of the products concerned.

² OJ No L 388, 31.12.1992, p. 1.

³ OJ No L 350, 31.12.94, p. 15.

Article 2

The tariff quotas referred to in Article 1 shall be managed by the Commission, which may take all appropriate administrative measures in order to ensure effective administration thereof.

Article 3

If an importer presents in a Member State an entry for release for free circulation, including a request for preferential benefit for the product covered by this Regulation and if this entry for release is accepted by the customs authorities, the Member States concerned shall inform the Commission and draw an amount corresponding to its requirements from the corresponding quota amount.

The drawing request, with indication of the date of acceptance of the said entries, must be transmitted to the Commission without delay.

The drawings are granted by the Commission by reference to the date of acceptance of the entries for release for free circulation by the customs authorities of the Member States concerned to the extent that the available balance so permits.

If a Member State does not use the quantities drawn it shall return them as soon as possible to the corresponding quota amount.

If the quantities requested are greater than the available balance of the quota amount, allocation shall be made on a *pro rata* basis with respect to the requests. Member States shall be informed by the Commission of the drawings made.

Article 4

Each Member State shall ensure that importers of the products concerned have equal and uninterrupted access to the quotas for such time as the residual balance of the quota volumes so permits.

Articles 5

The Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 6

This Regulation shall enter into force on the 7th day following that of its publication in the Official Journal of the European Communities.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
