#### EXPLANATORY NOTE

In order to further simplify the rules laid down by the Protocol No 3, annexed to each of the Agreements made with the EFTA countries, each of the Joint Committees set up by these Agreements has adopted two decisions, one modifies Article 23 of Protocol No 3 and the other modifies some aspects of the rules governing the issue and making out of movement certificates EUR.1 and forms EUR.2.

The reason for the seven proposed Regulations attached is thus to allow for the putting into force of these Decisions in the Community.

It is proposed that the Council adopts these Regulations in such a way that they can enter into force on 1 January 1976, the date upon which Decision 1/75 modifying Article 23 of Protocol No 3 must enter into force.

#### DECISION No 1/75 OF THE JOINT COMMITTEE

of 2 December 1975 amending Article 23 of Protocol No 3 concerning the definition of the concept of "originating products" and methods of administrative co-operation

THE JOINT COMMITTEE,

Having regard to the Agreement between the European Economic Community and the Republic of Austria signed in Brussels on 22 July 1972,

Having regard to Protocol No 3 on the definition of "originating products" and methods of administrative co-operation (hereinafter referred to as "Protocol No 3"), and in particular Article 28 thereof,

Whereas the present provisions of Article 23 (1) of Protocol No 3, suspended until 31 December 1975 by Joint Committee Decision No 4/74 of 2 December 1974, stipulate that the prohibition on the benefit of drawback of customs duty or exemption from customs duty of whatever kind, for non-originating products used in the manufacture of originating products, applies as from the date when the duty applicable to originating products of the same kind as the products used was, in the Community or in Austria reduced to 40% of the basic duty;

Whereas the reference to a certain level of tariff dismantling in order to determine the date of application of these provisions is likely to entail practical difficulties, in particular because of the differences in tariff systems applicable both to the finished products and to the originating products of the same kind as the products used;

Whereas it is consequently appropriate to provide for a uniform date of application for the whole of the products concerned; whereas that date may be the date of the entry into force of this Decision;

Whereas, in addition, the present provisions of Article 23 (2) and (3), stipulate that, for the application of the tariff system in force by virtue of Article 3 (1) of the Agreement, in trade between the former EFTA countries, only those products referred to in Article 25 (1) of Protocol No 3 may benefit from drawback of customs duty of whatever kind;

Whereas in practice it is a result of these provisions that the benefit of drawback of customs duty or exemption from customs duty of whatever kind, is prohibited for products originating in the Community as originally constituted or in Ireland which are used in the manufacture of products which may benefit from the tariff system resulting from Article 3 (1) of the Agreement;

Whereas this prohibition must continue for as long as the tariff system resulting from Article 3 (1) of the Agreement is not identical to that resulting from Article 3 (2) thereof;

Whereas, however, for the majority of the products concerned, this prohibition will continue only until 30 June 1977; whereas it is appropriate in a desire for simplification, to lay down the same date for all the products in question,

HAS DECIDED AS FOLLOWS:

#### Article 1

The text of Article 23 of Protocol No 3 shall be replaced by the following:

## "Article 23

1. Without prejudice to the provisions of Article 1 of Protocol No 2 products of the kind to which the Agreement applies, which are used in the manufacture of products for which a movement certificate EUR. 1 or a form EUR. 2 is issued or completed, can only be the subject of drawback of customs duty or benefit from an exemption from customs duty of whatever kind when products originating in the Community, Austria or one of the six countries referred to in Article 2 of this Protocol are concerned.

2. Without prejudice to the provisions of Article 1 of Protocol No 2, products originating in the Community as originally constituted or in Ireland which are used in the manufacture of products obtained in accordance with the conditions laid down in Article 25(1) may not be the subject, in the State where such manufacture took place, of drawback of customs duty or benefit from an exemption of customs duty of whatever kind until 30 June 1977.

3. In this and the following Articles, the term "customs duty" also means charges having an equivalent effect to custom duty.

#### AGREEMENT EEC-ICELAND

THE JOINT COMMITTEE

#### DECISION No 1/75 OF THE JOINT COMMITTEE

of 2 December 1975 amending Article 23 of Protocol No 3 concerning the definition of the concept of "originating products" and methods of administrative co-operation

THE JOINT COMMITTEE,

Having regard to the Agreement between the European Economic Community and the Republic of Iceland, signed in Brussels on 22 July 1972,

Having regard to Protocol No 3 on the definition of "originating products" and methods of administrative co-operation (hereinafter referred to as "Protocol No 3"), and in particular Article 28 thereof, Whereas the present provisions of Article 23 (1) of Protocol No 3, suspended until 31 December 1975 by Joint Committee Decision No 4/74 of 2 December 1974, stipulate that the prohibition on the benefit of drawback of customs duty or exemption from customs duty of whatever kind, for non-originating products used in the manufacture of originating products, applies as from the date when the duty appliable to originating products of the same kind as the products used was, in the Community or in Iceland reduced to 40% of the basic duty;

Whereas the reference to a certain level of tariff dismantling in order to determine the date of application of these provisions is likely to entail practical difficulties, in particular because of the differences in tariff systems applicable both to the finished products and to the originating products of the same kind as the products used;

Whereas it is consequently appropriate to provide for a uniform date of application for the whole of the products concerned; whereas that date may be the date of the entry into force of this Decision;

.../...

1

Whereas, in addition, the present provisions of Article 23 (2) and (3), stipulate that, for the application of the tariff system in force by virtue of Article 3 (1) of the Agreement, in trade between the former EFTA countries, only those products referred to in Article 25 (1) of Protocol No 3 may benefit from drawback of customs duty of whatever kind;

Whereas in practice it is a result of these provisions that the benefit of drawback of customs duty or exemption from customs duty of whatever kind, is prohibited for products originating in the Community as originally constituted or in Ireland which are used in the manufacture of products which may benefit from the tariff system resulting from Article 3 (1) of the Agreement;

Whereas this prohibition must continue for as long as the tariff system resulting from Article 3 (1) of the Agreement is not identical to that resulting from Article 3 (2) thereof;

Whereas, however, for the majority of the products concerned, this prohibition will continue only until 30 June 1977; whereas it is appropriate in a desire for simplification, to lay down the same date for all the products in question,

HAS DECIDED AS FOLLOWS:

#### Article 1

The text of Article 23 of Protocol No 3 shall be replaced by the following:

#### "Article 23

1. Without prejudice to the provisions of Article 1 of Protocol No 2 products of the kind to which the Agreement applies, which are used in the manufacture of products for which a movement certificate EUR. 1 or a form EUR. 2 is issued or completed, can only be the subject of drawback of customs duty or benefit from an exemption from customs duty of whatever kind when products originating in the Community, Iceland or one of the six countries referred to in Article 2 of this Protocol are concerned.

- 2. Without prejudice to the provisions of Article 1 of Protocol No 2, products originating in the Community as originally constituted or in Ireland which are used in the manufacture of products obtained in accordance with the conditions laid down in Article 25(1) may not be the subject, in the State where such manufacture took place, of drawback of customs duty or benefit from an exemption of customs duty of whatever kind until 30 June 1977.
- 3. In this and the following Articles, the term "customs duty" also means charges having an equivalent effect to custom duty.

#### DECISION No 1/75 OF THE JOINT COMMITTEE

of 1 December 1975 amending Article 23 of Protocol No 3 concerning the definition of the concept of "originating products" and methods of administrative co-operation

THE JOINT COMMITTEE,

Having regard to the Agreement between the European Economic Community and the Kingdom of Norway, signed in Brussels on 14 May 1973,

Having regard to Protocol No 3 on the definition of "originating products" and methods of administrative co-operation (hereinafter referred to as "Protocol No 3"), and in particular Article 28 thereof,

.../...

Whereas the present provisions of Article 23 (1) of Protocol No 3, suspended until 31 December 1975 by Joint Committee Decision No 4/74 of 2 December 1974, stipulate that the prohibition on the benefit of drawback of customs duty or exemption from customs duty of whatever kind, for non-originating products used in the manufacture of originating products, applies as from the date when the duty applicable to originating products of the same kind as the products used was, in the Community or in Norway reduced to 40% of the basic duty;

Whereas the reference to a certain level of tariff dismantling in order to determine the date of application of these provisions is likely to entail practical difficulties, in particular because of the differences in tariff systems applicable both to the finished products and to the originating products of the same kind as the products used;

Whereas it is consequently appropriate to provide for a uniform date of application for the whole of the products concerned; whereas that date may be the date of the entry into force of this Decision;

.../...

Whereas, in addition, the present provisions of Article 23 (2) and (3), stipulate that, for the application of the tariff system in force by virtue of Article 3 (1) of the Agreement, in trade between the former EFTA countries, only those products referred to in Article 25 (1) of Protocol No 3 may behefit from drawback of customs duty of whatever kind;

Whereas in practice it is a result of these provisions that the benefit of drawback of customs duty or exemption from customs duty of whatever kind, is prohibited for products originating in the Community as originally constituted or in Ireland which are used in the manufacture of products which may benefit from the tariff system resulting from Article 3 (1) of the Agreement;

Whereas this prohibition must continue for as long as the tariff system resulting from Article 3 (1) of the Agreement is not identical to that resulting from Article 3 (2) thereof;

Whereas, however, for the majority of the products concerned, this prohibition will continue only until 30 June 1977; whereas it is appropriate in a desire for simplification, to lay down the same date for all the products in question,

AGREEMENT EEC- PORTUGAL

THE JOINT COMMITTEE

DECISION No 1/75 OF THE JOINT COMMITTEE

of 2 December 1975 amending Article 23 of Protocol No 3 concerning the definition of the concept of "originating products" and methods of administrative co-operation

THE JOINT COMMITTEE,

Having regard to the Agreement between the European Economic Community and the Republic of Portugal signed in Brussels on 22 July 1972,

Having regard to Protocol No 3 on the definition of "originating products" and methods of administrative co-operation (hereinafter referred to as "Protocol No 3"), and in particular Article 28 thereof,

......

Whereas the present provisions of Article 23 (1) of Protocol No 3, suspended until 31 December 1975 by Joint Committee Decision No 4/74 of 2 December 1974, stipulate that the prohibition on the benefit of drawback of customs duty or exemption from customs duty of whatever kind, for non-originating products used in the manufacture of originating products, applies as from the date when the duty applicable to originating products of the same kind as the products used was, in the Community or in Portugal reduced to 40% of the basic duty;

Whereas the reference to a certain level of tariff dismantling in order to determine the date of application of these provisions is likely to entail practical difficulties, in particular because of the differences in tariff systems applicable both to the finished products and to the originating products of the same kind as the products used;

Whereas it is consequently appropriate to provide for a uniform date of application for the whole of the products concerned; whereas that date may be the date of the entry into force of this Decision;

•••/•••

- 2 -

Whereas, in addition, the present provisions of Article 23 (2) and (3), stipulate that, for the application of the tariff system in force by virtue of Article 3 (1) of the Agreement, in trade between the former EFTA countries, only those products referred to in Article 25 (1) of Protocol No 3 may benefit from drawback of customs duty of whatever kind;

Whereas in practice it is a result of these provisions that the benefit of drawback of customs duty or exemption from customs duty of whatever kind, is prohibited for products originating in the Community as originally constituted or in Ireland which are used in the manufacture of products which may benefit from the tariff system resulting from Article 3 (1) of the Agreement;

Whereas this prohibition must continue for as long as the tariff system resulting from Article 3 (1) of the Agreement is not identical to that resulting from Article 3 (2) thereof;

Whereas, however, for the majority of the products concerned, this prohibition will continue only until 30 June 1977; whereas it is appropriate in a desire for simplification, to lay down the same date for all the products in question,

HAS DECIDED AS FOLLOWS:

#### Article 1

The text of Article 23 of Protocol No 3 shall be replaced by the following:

## "Article 23

1. Without prejudice to the provisions of Article 1 of Protocol No 2 products of the kind to which the Agreement applies, which are used in the manufacture of products for which a movement certificate EUR. 1 or a form EUR. 2 is issued or completed, can only be the subject of drawback of customs duty or benefit from an exemption from customs duty of whatever kind when products originating in the Community, Portugal or one of the six countries referred to in Article 2 of this Protocol are concerned.

- 2. Without prejudice to the provisions of Article 1 of Protocol No 2, products originating in the Community as originally constituted or in Ireland which are used in the manufacture of products obtained in accordance with the conditions laid down in Article 25(1) may not be the subject, in the State where such manufacture took place, of drawback of customs duty or benefit from an exemption of customs duty of whatever kind until 30 June 1977.
- 3. In this and the following Articles, the term "customs duty" also means charges having an equivalent effect to custom duty.

#### DECISION No 1/75 OF THE JOINT COMMITTEE

of 2 December 1975 amending Article 23 of Protocol No 3 concerning the definition of the concept of "originating products" and methods of administrative co-operation

THE JOINT COMMITTEE,

Having regard to the Agreement between the European Economic Community and the Kingdom of Syeden, signed in Brussels on 22 July 1972,

Having regard to Protocol No 3 on the definition of "originating products" and methods of administrative co-operation (hereinafter referred to as "Protocol No 3"), and in particular Article 28 thereof,

.../...

Whereas the present provisions of Article 23 (1) of Protocol No 3, suspended until 31 December 1975 by Joint Committee Decision No 4/74 of 2 December 1974, stipulate that the prohibition on the benefit of drawback of customs duty or exemption from customs duty of whatever kind, for non-originating products used in the manufacture of originating products, applies as from the date when the duty appliable to originating products of the same kind as the products used was, in the Community or in Sweden, reduced to 40% of the basic duty

Whereas the reference to a certain level of tariff dismantling in order to determine the date of application of these provisions is likely to entail practical difficulties, in particular because of the differences in tariff systems applicable both to the finished products and to the originating products of the same kind as the products used;

Whereas it is consequently appropriate to provide for a uniform date of application for the whole of the products concerned; whereas that date may be the date of the entry into force of this Decision;

.../...

Whereas, in addition, the present provisions of Article 23 (2) and (3), stipulate that, for the application of the tariff system in force by virtue of Article 3 (1) of the Agreement, in trade between the former EFTA countries, only those products referred to in Article 25 (1) of Protocol No 3 may benefit from drawback of customs duty of whatever kind;

Whereas in practice it is a result of these provisions that the benefit of drawback of customs duty or exemption from customs duty of whatever kind, is prohibited for products originating in the Community as originally constituted or in Ireland which are used in the manufacture of products which may benefit from the tariff system resulting from Article 3 (1) of the Agreement;

Whereas this prohibition must continue for as long as the tariff system resulting from Article 3 (1) of the Agreement is not identical to that resulting from Article 3 (2) thereof;

Whereas, however, for the majority of the products concerned, this prohibition will continue only until 30 June 1977; whereas it is appropriate in a desire for simplification, to lay down the same date for all the products in question,

HAS DECIDED AS FOLLOWS:

Having regard to Protocol No 3 on the definition of "originating products" and methods of administrative co-operation (hereinafter referred to as "Protocol No 3"), and in particular Article 28 thereof,

. . . / . . .

Whereas the present provisions of Article 23 (1) of Protocol No 3, suspended until 31 December 1975 by Joint Committee Decision No 4/74 of 2 December 1974, stipulate that the prohibition on the benefit of drawback of customs duty or exemption from customs duty of whatever kind, for non-originating products used in the manufacture of originating products, applies as from the date when the duty applicable to originating products of the same kind as the products used was, in the Community or in Switzerland reduced to 40% of the basic duty;

Whereas the reference to a certain level of tariff dismantling in order to determine the date of application of these provisions is likely to entail practical difficulties, in particular because of the differences in tariff systems applicable both to the finished products and to the originating products of the same kind as the products used;

Whereas it is consequently appropriate to provide for a uniform date of application for the whole of the products concerned; whereas that date may be the date of the entry into force of this Decision;

Whereas, in addition, the present provisions of Article 23 (2) and (3), stipulate that, for the application of the tariff system in force by virtue of Article 3 (1) of the Agreement, in trade between the former EFTA countries, only those products referred to in Article 25 (1) of Protocol No 3 may benefit from drawback of customs duty of whatever kind;

Whereas in practice it is a result of these provisions that the benefit of drawback of customs duty or exemption from customs duty of whatever kind, is prohibited for products originating in the Community as originally constituted or in Ireland which are used in the manufacture of products which may benefit from the tariff system resulting from Article 3 (1) of the Agreement;

Whereas this prohibition must continue for as long as the tariff system resulting from Article 3 (1) of the Agreement is not identical to that resulting from Article 3 (2) thereof;

Whereas, however, for the majority of the products concerned, this prohibition will continue only until 30 June 1977; whereas it is appropriate in a desire for simplification, to lay down the same date for all the products in question,
