COUNCIL DECISION

on the conclusion of an Agreement in the form of an Exchange of Letters between the European Community and Ukraine extending the double-checking system without quantitative limits in respect of the export of certain steel products covered by the EC and ECSC Treaties from Ukraine to the European Community for the period from 1 January 2000 to 31 December 2001 (99/..../EC)

(presented by the Commission)

EXPLANATORY MEMORANDUM

The aim of the double-checking system is to improve transparency and to avoid possible diversions of trade. It is founded on the provision in the Agreement between the ECSC and Ukraine on trade in certain steel products¹ which allows either Party to introduce an administrative procedure having as its purpose the rapid provision of information on the trend of trade flows. The Parties agreed to establish such a system in 1997 in respect of certain ECSC and EC steel products by means of Council Decision N° 481/97². Council Regulation (EC) N° 1526/97³ established the corresponding implementing legislation for the Community.

At its meeting on 18 October 1999, the Contact Group agreed to recommend that the Council should extend the double-checking system for the period between 1 January 2000 and 31 December 2001. The extended double-checking system will be established by means of an Agreement in the form of an Exchange of Letters and should enter into force on 1 January 2000.

LETTER FROM THE COUNCIL OF THE EUROPEAN UNION

Sir,

1. I have the honour to refer to the Agreement in the Form of an Exchange of Letters between the European Community and Ukraine of 15 July 1997, establishing a double-checking system, without quantitative limits, in respect of certain steel products covered by the EC and ECSC Treaties from Ukraine to the European Community. The system entered into force on 5 August 1997 for the period between that date and 31 December 1999.
2. Following a meeting of the ECSC Contact Group on 18 October 1999 the Parties hereby agree to extend the double-checking system, without quantitative limits, in respect of certain steel products for the period between 1 January 2000 and 31 December 2001 in order to improve transparency and to avoid possible diversions of trade. The details of the double-checking system are annexed to this letter.
3. The present Exchange of Letters is without prejudice to the application of the relevant provisions of the bilateral agreements on trade and trade-related matters, in particular those relating to anti-dumping and safeguard measures.
4. Either Party may at any time propose modifications to the Annex or its appendices which shall require the mutual consent of the Parties and shall take effect as agreed by them. In the event that anti-dumping or safeguard investigations are initiated or measures introduced in the European Community concerning a product under the double-checking system, Ukraine will decide whether to exclude the product in question from the double-checking system. Such a decision shall not affect the entry into free circulation of the product in question into the Community.
5. In conclusion, I have the honour to propose that if this letter, its annex and appendices are acceptable to your Government, this letter and your confirmation shall together constitute an agreement between the European Community and Ukraine, which shall enter into force on the date of your reply.

Please accept, Sir, the assurance of my highest consideration,

For the Council of the European Union

APPENDIX IV

UKRAINE

Technical Annex on the double-checking system

1. The export documents shall measure 210 × 297 mm. The paper used shall be white writing paper, sized, not containing mechanical pulp, and weighing not less than 25 g/m². They shall be made out in English. If they are completed by hand, entries must be in ink and in printed script. These documents may comprise additional copies duly indicated as such. If the documents have several copies only the top copy is the original. This copy shall be clearly marked as 'original' and other copies as 'copies'. Only the original shall be accepted by the competent authorities of the Community as being valid for the control of export to the Community in accordance with the provisions of the double-checking system.

2. Each document shall bear a standardised serial number, whether or not printed, by which it can be identified. This number shall be composed of the following elements:

- two letters identifying the exporting country as follows: UA,
- two letters identifying the intended Member State of customs clearance as follows:

BE = Belgium
DK = Denmark
DE = Germany
EL = Greece
ES = Spain
FR = France
IE = Ireland
IT = Italy
LU = Luxembourg
NL = Netherlands
AT = Austria
PT = Portugal
FI = Finland
SE = Sweden
GB = United Kingdom

- a one-digit number identifying the year, corresponding to the last figure in the respective year, e.g. 0 for 2000,

- a two-digit number from 01 to 99, identifying the particular issuing office concerned in the exporting country,

- a five-digit number running consecutively from 00001 to 99999 allocated to the intended Member State of customs clearance.

3. The export documents shall be valid for the calendar year during which they are issued, as shown in Box N° 3 of the export document.

4. Since the importer needs to present the original export document when requesting an import document, export documents should, as far as possible, be issued in respect of individual commercial transactions, not global contracts.

5. Ukraine need not show price information on the export document, but that information is available to the competent Commission authorities on request.

6. Export documents may be issued after the shipment of the products to which they relate. In such cases they must bear the endorsement 'issued retrospectively`.

7. In the event of a theft, loss or destruction of an export document, the exporter may apply to the competent governmental authority which issued the document for a duplicate to be made out on the basis of the export documents in his possession. The duplicate of any such document so issued shall bear the endorsement 'duplicate`. The duplicate shall bear the date of the original export document.

8. The competent authorities of the Community shall be informed immediately of the withdrawal or modification of any export documents already issued and, where relevant, of the basis for such action.
