pursuant to Rule 47 of the Rules of Procedure

on the speaking time granted of Members of the Commission

PE 84.904

The European Parliament,

- A. whose Members are subject to strict limits as regards speaking time,
- B. whose debates frequently suffer unduly from the excessive speaking time of Members of the Commission which is never restricted,

Instructs its appropriate committee to submit without delay a motion to restrict the speaking time of Commissioners as it is intolerable that the elected representatives of the people should be clearly placed at a disadvantage vis-à-vis functionaries.
