DOCUMENT 1-239/80

MOTION FOR A RESOLUTION

tabled by Mr BERKHOUWER, Mr GALLAND and
Mr NORD

on behalf of the Liberal and Democratic Group

pursuant to Rule 25 of the Rules of Procedure

on the revision of Rule 33 of the Rules of
Procedure

The European Parliament,

- considering that the provisions of Rule 33 concerning the quorum required for certain votes to be valid and the construction placed on this Rule require urgent revision to prevent use being made of these provisions to obstruct the expression by Parliament of its opinion on motions submitted to it, thus making for indecision and powerlessness,

instructs its committee responsible to give priority to the revision of Rule 33 of the Rules of Procedure and to prepare a report on this subject at the earliest possible date.
