PE 44.582

443.012-11.1976

The European Parliament,

- having regard to the importance of small undertakings to the Community,
 - noting that the Commission does not give sufficient attention to the implications of many of its proposals for small undertakings,
1. Considers that the Commission should pay special attention to these undertakings in its programme on industrial policy;
 2. Invites the Commission to investigate the position of small and medium-sized undertakings and to report to Parliament on the results of this investigation;
 3. Instructs its Committee on Economic and Monetary Affairs to follow developments in this field.
